For more information about Vanguard funds, visit vanguard.com to obtain a prospectus or, if available, a summary prospectus. Investment objectives, risks, charges, expenses, and other important information are contained in the prospectus; read and consider it carefully before investing.

Vanguard ETF Shares are not redeemable with the issuing Fund other than in very large aggregations worth millions of dollars. Instead, investors must buy and sell Vanguard ETF Shares in the secondary market and hold those shares in a brokerage account. In doing so, the investor may incur brokerage commissions and may pay more than net asset value when buying and receive less than net asset value when selling.

This document is to be used for informational purposes only and is subject to change without notice. Vanguard will not be held liable for inaccuracy or changes to this schedule.

For final distribution rates, check the fund profiles in the Investments area of our website after the fund declaration date.

All investments are subject to risk, including the possible loss of the money you invest.
